

## **A MISSION PRAYER**

Dear God,

I have been called to share in the sacred mission and ministry of St. Bernard Hospital and Health Care Center as a healer among healers.

No matter my calling, whether a nurse or a clerk, a cook or a cashier, I am first a healer sharing a common mission of making well and whole every friend and stranger who enters our door.

I have been called to assist others by lifting them up, treating them with dignity and offering them comfort and care to the best of my ability. Help me to acknowledge always those who work beside me as my companions on this mission, a ministry of shared responsibility. My peers are my partners.

In your eyes, every person deserves respect, dignity, and compassion especially when they are most vulnerable and unable to care for themselves. Though illness may compromise those I serve, in whatever capacity I may serve, may I never compromise their care but rather may I contribute to a positive healing experience for each and every one of our patients, our guests.

Hear my prayer. Amen.

*Chaplain Bob Gordon, DMin*

## **A MISSION PRAYER**

Dear God,

I have been called to share in the sacred mission and ministry of St. Bernard Hospital and Health Care Center as a healer among healers.

No matter my calling, whether a nurse or a clerk, a cook or a cashier, I am first a healer sharing a common mission of making well and whole every friend and stranger who enters our door.

I have been called to assist others by lifting them up, treating them with dignity and offering them comfort and care to the best of my ability. Help me to acknowledge always those who work beside me as my companions on this mission, a ministry of shared responsibility. My peers are my partners.

In your eyes, every person deserves respect, dignity, and compassion especially when they are most vulnerable and unable to care for themselves. Though illness may compromise those I serve, in whatever capacity I may serve, may I never compromise their care but rather may I contribute to a positive healing experience for each and every one of our patients, our guests.
