

ANNOUNCEMENT
COVID-19 SPECIFIC PERSON-CENTRED DECISION MAKING
TOOLS DEVELOPED FOR HEALTH CARE PROVIDERS

Hospice Palliative Care Ontario is very pleased to announce the development of COVID-19 specific resources to assist Health Care Providers with Person Centred Decision Making.

It is important to recognize the growing need for Advance Care Planning (ACP), Goals of Care (GoC), and Person-Centred Decision Making (PCDM) resources in the context of the COVID-19 pandemic. We have been reviewing, developing and compiling several resources that offer guidance and practical ideas for planning and delivering Advance Care Planning conversations during the COVID-19 pandemic. These tools are available on the Speak Up Ontario website. We encourage you to share these documents with your colleagues, and other stakeholders as appropriate.

FOR HEALTH CARE PROVIDERS - [available here](#)
FOR INDIVIDUALS AND FAMILIES - [available here](#)

We invite you to utilize these newly developed resources and ask that you assist us in circulating this information to your contacts and stakeholders. We also welcome your questions or feedback at rachel.dragas@hpc.ca.
